

## Message from the CNS on occasion of Teachers Day

On the occasion of the 60th Teachers Day, I extend heartfelt gratitude to the teachers and mentors of the Navy Schools, who play a pivotal role in shaping our future generations. Your contributions in nurturing and encouraging our youth in realising their potential, not only helps meet individual aspirations, but also supports nation-building through grooming of model citizens. As Dr APJ Abdul Kalam had said, “Teachers are the backbone of any country ... the pillar upon which all aspirations are converted into reality.”

On this occasion, the Naval community expresses sincere gratitude for all your efforts and contributions.

Jai Hind.

Admiral Karambir Singh

Chief of the Naval Staff
