

WORLD YOUTH SKILL DAY (15/07/2020)

“The more we give importance to skill development,
the more competent will be our youth.”- Narendra Modi

Every year World Youth Skills Day (WYSD) is celebrated on 15 July to recognize the strategic importance of equipping young people with the skills of employment, decent work, and entrepreneurship. The day also highlights the important role of skilled youth in addressing current and future global challenges.

Learning “skills” are undoubtedly helpful to us and we should keep learning as long as we live. NCS (K) is fondly anticipating uniqueness and persistently opens boundless opportunities to the children to enhance their innate talents and inborn skills. With the same aspiration and motivation NCS (K) celebrated the world youth skill day on 15th July 2020.

Students of NCS (K) imprinted their footprints to highlight the opportunities and challenges that young people face in all walks of life. The tiny totes of NCS (K) along with 10 standard students put up a mesmerizing virtual assembly to instill and embark the theme of “**Skills for a Resilient Youth**” to all the children. They demonstrated some of the important skills with all their efforts so as to make each one to realize the necessity of coping up with variety of skills.
